Brigholme to participate in Toronto Green Building Festival

TORONTO, Ontario, Canada - October 6, 2006 - Brigholme is excited to be participating in the second annual Toronto Green Building Festival held this year in the Atrium of the Canadian Broadcasting Centre, 250 Front Street West, on November 1st. For the second consecutive year, we will again partner with Haworth and our local HFC, Camino Modular Systems.

"Through events like these we can demonstrate and communicate our go-to-market strategy to key decision makers", said Joe Williams, Vice President, Sales and Marketing, Brigholme Interiors Group. Our booth will effectively display TecCrete flooring with underfloor air, and a mini LifeSPACE mockup.

As we continue to demonstrate our commitment to sustainability, we look forward to see you all at Booth 709.

Sustainability continues to receive a tremendous amount of attention in our industry, making it clear there is increasing commitment to one of the most important and influential movements of our time.
